Bluish Color Set

MINORI

Reddish Color Set

Retro colored fluorite accessory

Octahedral pale colored stone jewelry,
suitable for making a necklace and
a hair elastic.

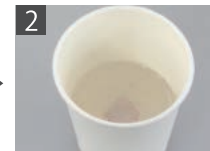

Materials / tools

- LED Curing Resin "Star Drop" 30g
- UV-LED Light
- Clear Color Set Traditional Japan Blue <KIZASHI>
- Clear Color Set Traditional Japan Red <MINORI>
- Jewel Color Mixing Palette
- Mixing Stick

- Crank Eyebolt [Silver] x 4
- round jumping small x 4, large x 1
- hair rubber
- pliers
- fluorite crystal stone (for making a mold)
- PADICO clear silicone gel for mold making 50g x 2 tubes
- double-sided tape
- 2 paper cups
- electric scale

Use a double-sided tape, fasten the stone to the bottom of a paper cup.

Set another cup on a scale. Pour A liquid first, then B as equal amount. Mix the liquid well and pour it enough to cover the stone.

Leave it in 24 hours to complete curing. After that, take the mold out from the cup.

Remove the stone out and your original mold is ready.

Mix UV-LED Resin "Star Drop" and FUJIIRO wisteria purple resin dye well.

Fill up to one-third of the mold with the step 5 violet resin and pour clear color resin to fill the mold.

Set a crank eyebolt on an edge of the mold and cure it in 1 minute. Turn it over and cure it in another minute.

After cooling down, remove the cured resin carefully from the mold. Make three more stones with different colors.

Set a small jumping on each stone and put 4 pieces together in a large round jumping.

Connect a hair tie with the stones by twisting the large jumping.

one fluorite necklace
