SUBDUED COLOR

Subdued colors with high transparency

New Trendy Color Sets "Kasumi" and "Sagiri" mix well with UV-LED Resin

"Kasumi" a set of five spring-summer inspired low-saturated blue colors

"Sagiri" a set of five autumn-winter inspired low saturated brownish colors

The each color named in Japanese brings out sentiments of the season and romance.

Oborozukiyo - night with a hazy moon, Suiu - rain falling on leaves, etc.,

Subdued colors of exquisite shades with a transparency that allows light to penetrate through.

SUIU Color Earrings

The uneven surface creates an elegant effect by reflecting lights.

Color "UCHIMIZU"

Color "SUIU"

Recipe

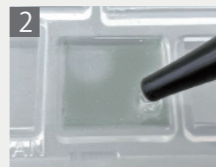

Materials / Tools

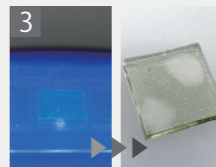

- Star Drop LED Resin Hard Type
- Jewel Color Kasumi Set <Suiu>
- Glitter Blue Set <Green>
- UV-LED Lamp
- Soft Mold Square Plate (20mm)
- Mixing Palette
- Mixing Stick
- OPP film
- Eyebolts
- Square Ring Parts
- Earring Parts
- Round Jumpings
- Pin Vise
- Nippers
- Pliers
- Scissors

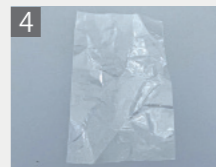

1 Mix Jewel Color SUIU and green glitter with resin well.

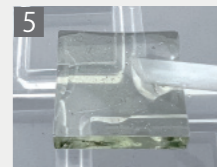

2 Fill a square mold with the green resin and partly clear one to make color shading.

3 Cure it well under UV-LED lamp. After cooling down, remove it from the mold.

4 Grip the cut OPP film by hand and wrinkle it.

5 Apply the green resin to the entire surface of the square.

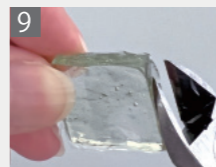

6 Place the OPP film gently on top of it.

7 While lightly holding the sheet with your hand, cure it under UV-LED lamp.

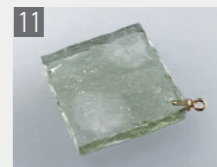

8 Remove the OPP film. Do the same for the opposite side to create a film pattern.

9 Remove burrs with nippers.

10 Drill a hole with a pin vise.

11 Glue an eyebolt in the hole with resin.

12 Attach accessory parts and finish the earrings.

Block earrings in advanced adult colors

A combination of colors mixed with transparent and white
Chic colors create a calm atmosphere.

Materials / Tools

- Star Drop LED Resin Hard Type
- Jewel Color Sagiri Set <Kyara>
- Jewel Color Pure White or White
- Jewel Mold Mini <Simple Shape>
- UV-LED Lamp
- Mixing Stick
- Mixing Palette
- Cutter
- Earring Parts
- Clear Sheet

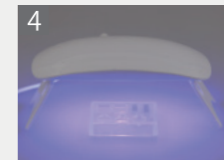

1 Make two color resins; clear beige with Kyara, and creamy one is white & Kyara.

2 Use marked molds: a & b, make parts in the colors ① and ②.

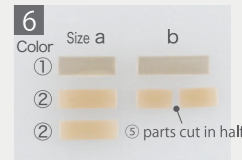

3 Pour resin a little by little with mixing stick.

4 Cure in 30 seconds and take them out.

5 Cut only ② b in half with a cutter before it cools completely. Press the blade in from directly above for a clean cut.

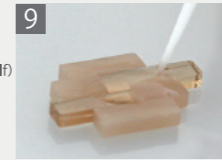

6 Prepare parts in the colors and sizes shown in the photo.

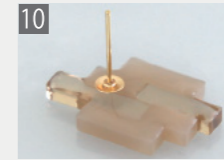

7 Apply a thin layer of resin to the sides of the part.

8 Arrange them on a clear sheet as shown in the photo. Cure them in 1 min.

9 Carefully peel off the part from the clear sheet, and repeat step 7 & 8 for the back side of the part. The cure time is 30 seconds.

10 Glue earring parts with resin and cure in 1 min.

Can be made in any color you like.
